

KITE IN THE SKY

PREPARATION

Before the craft session, please gather the necessary supplies, including printing sufficient stencil sheets for the number of crafts you'll be creating. Cut out all the shapes from the stencil to prepare for the activity, and be sure to create a sample craft as a visual reference on the craft table. This will help guide both children and parents as they engage in the craft activity.

MATERIALS

- Glue
- Black marker
- Red ribbon
- Blue A4 paper
- Cloud cutouts
- Diamond cutouts (Different colours)
- Bow cutouts

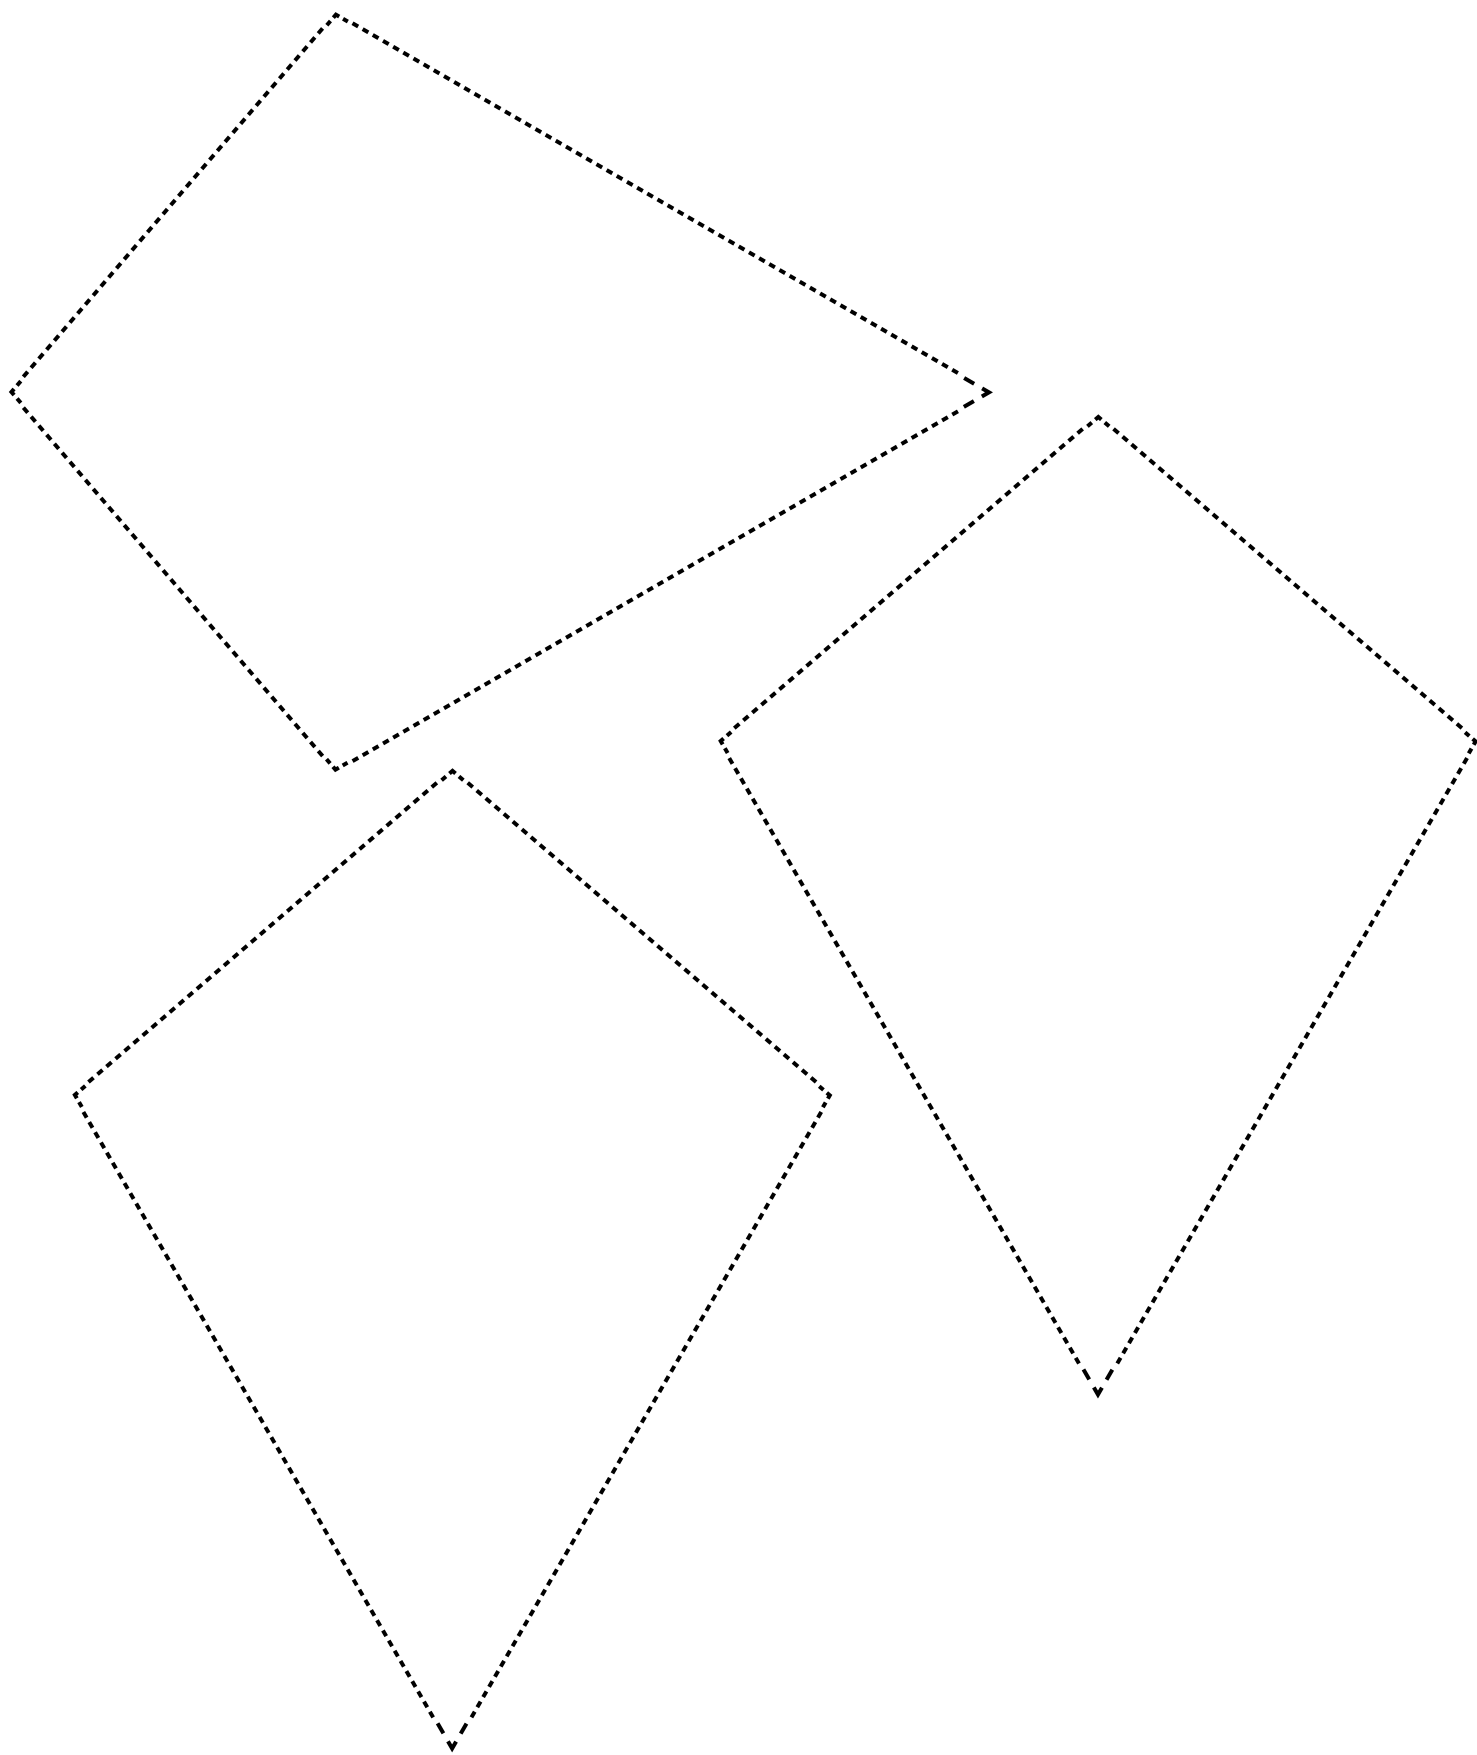

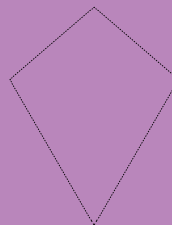

INSTRUCTIONS

1. Fold the diamonds in half and glue 3 together to form the kite.
2. Glue kite to the A4 paper.
3. Glue the ribbon down in 3 sections using the bows to secure to the paper.
4. Glue clouds onto the blue paper.
5. Draw birds flying.
6. Write the child's name on it and let it dry.
